My Girls!

No Bones About It - We're Dog-Gone Good!

We have a great team that works well together and takes time to celebrate birthdays, parties for Halloween and employee lunches with plenty of giveaways! Margaret and Jerry were especially creative this year – Margaret, aka Cruella Deville with her sidekick Eli; and Jerry – always comes up with a winning costume, and this year he came up with “Cereal Killer.” We have the photos to prove these guys really went all out!

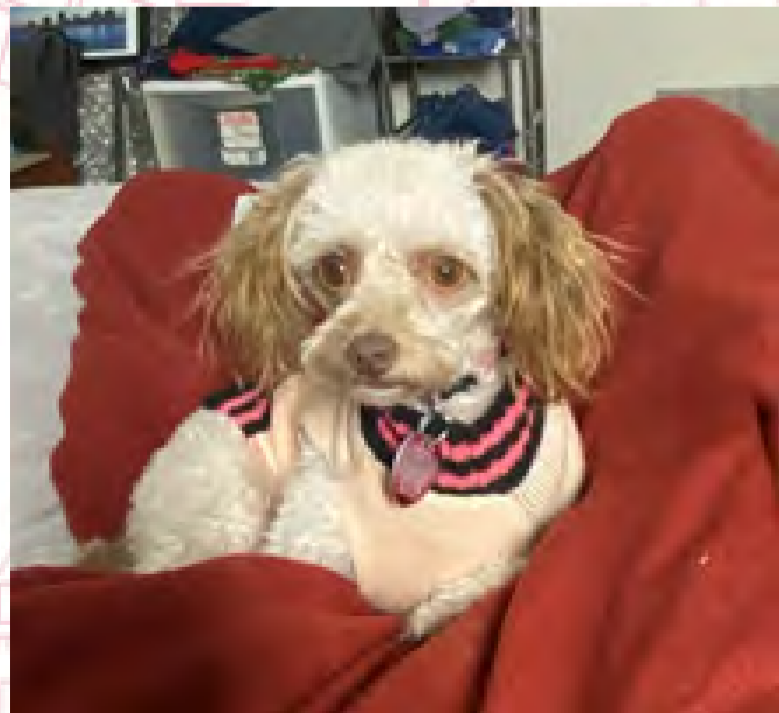

Wright Group ended 2021 with a couple of fun times. Our Secret Santa (Gag Gift) Exchange was a blast. Here's a couple of pics from the exchange.

It's 2022...already! We hope this year is a special, successful, fun filled year for everyone. We have had a tough couple of years, and we truly hope the future will be brighter and better.

Our Architectural Firm is Pawsitively Awesome

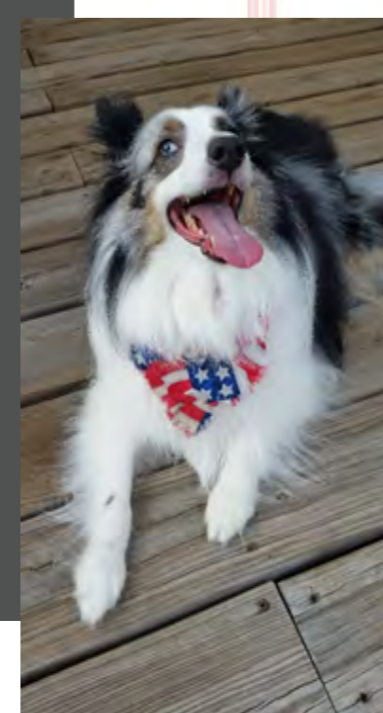

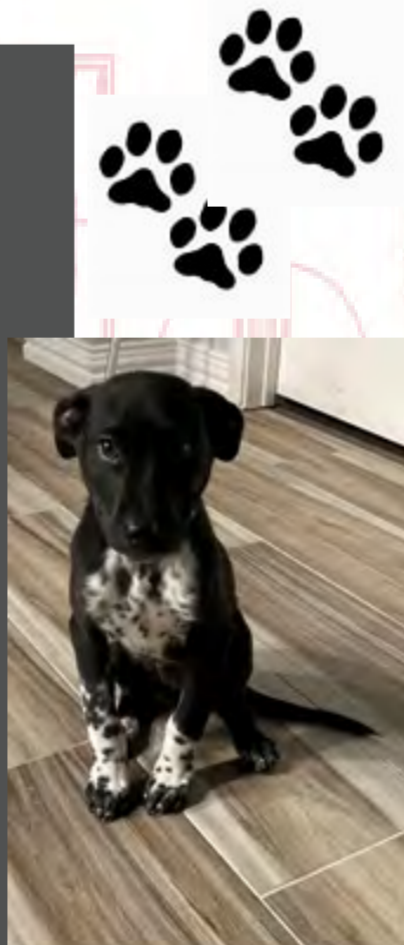

In addition to having a great time in the office, everyone here works very hard, and we have secured some interesting and unique projects. Pure Athletic Center in Melissa is a 140,000 sf sports complex. The initial design work on this project has started and when completed it will offer: 9 basketball courts 16 volleyball courts; 240'x250' indoor turf for soccer and other uses; 35'x100 polymeric workout space; 2 lounge areas for viewing. There will also be an attached building which will consist of approximately 5,600 sq ft of workout and cardio space/ concessions; pro shop with indoor and outdoor seating areas; E-sports area; second floor parents lounge with overlook into the dome; and 6 private training rooms. Above is a rendering of the entire complex – This is an amazing project that will benefit families, students, and student athletics.
