Now that you've seen what we do, here's a glimpse into who we are

## Rotary

### Congratulations Terry!

Wright Group has just celebrated our 27 th Anniversary. We are proud of our accomplishments, our team, and our contributions to our community. Recently, Terry Wright, Managing Principal for Wright Group Architects-Planners, PLLC was named the incoming President for the Rotary Club of Carrollton Farmers Branch.

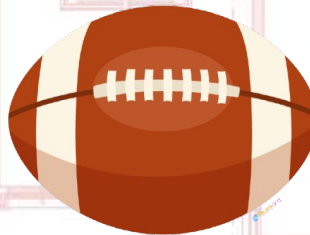

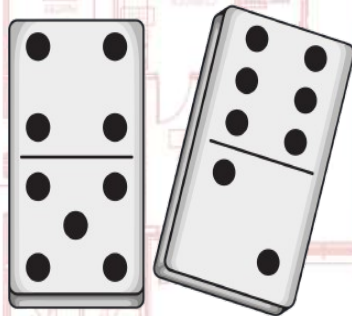

Terry is a long-time Carrollton Farmers Branch resident and has been active in Civic and Community organizations in CFB for many years. He served on the City of Carrollton Planning and Zoning Commission for 6 years; the Carrollton Police Department's Citizen Patrol Academy, Class 57; and is an active member of the Rotary Club of Carrollton Farmers Branch.

The team at Wright Group is involved in many activities, community organizations, non-profit organizations, and many worthwhile causes. Our community spirit and giving efforts are meaningful and we are happy to be a part of community engagement, community involvement, and giving back to causes that mean a lot.

Architecture is not all fun and games. . . But it can be!

Our 2025 Dominos Champion is  
Quan Ngo

Our College Football Champion  
Dennis Brown!

During lunch on most days you'll find a domino game going in the employee breakroom. Great fun and great camaraderie! And during College Football Season most of our staff participate in our college football pool. Funny thing is the ones with the least ties to college football and the least interest in sports always seem to do really well too.
